

Toller Rescue Inc. Mission Statement

Toller Rescue is a Nationwide all volunteer non-profit, charitable organization. We rely on donations and fund raising activities. All proceeds go directly to cover expenses for our foster Tollers and veterinary care. We are incorporated in Texas and are in the process of getting our tax-exempt 501(c)(3) status from the IRS.

Toller Rescue was formed:

- To provide the best quality of life we can including but not limited to: shelter (short or long term foster care), veterinary care, comprehensive evaluations, and training (rehabilitation) for homeless, stray, abandoned, abused, and neglected Nova Scotia Duck Tolling Retrievers;
- To work with shelters and other rescue organizations to rescue what is to be believed purebred Tollers, and also those dogs who are sufficiently of Toller type to be considered adoptable as Toller Mix's.
- To provide, through a careful adoption process, permanent loving homes for rescue Tollers, whether young or old, sick or healthy;
- To seek to reduce the numbers of unwanted, abused and neglected Tollers through rehabilitation, education, and adoption;
- To counsel Toller owners on behavior problems to prevent Tollers from needing to be rescued;
- To educate shelters and other rescue organizations about the Toller breed;
- To educate dog owners and the general public about responsible pet ownership, including spaying/neutering, training and humane care of Tollers and other pets;
- To cooperate with state and local authorities in the enforcement of laws related to the welfare of dogs;
- To protect the Toller from careless breeding in order to preserve the excellent qualities of this breed for future generations.

Toller Rescue when accepting Tollers into our program, preference is given to those facing euthanasia, to those living in shelters or pounds, and to those in untenable living situations. We also attempt to accommodate owner turn-ins, to keep those Tollers from facing such fates and to allow them to go from one home to another with less disruption.

Toller Rescue gladly cooperates with other rescue groups to aid in the placement of Tollers into the appropriate loving family environments.
